#### ANGLED BRUSHES ARE PERFECT FOR APPLYING EYELINER AND FILLING IN EYE BROWS

Angle brush perfect for creating smoky eye - eyeliner on both top and bottom lashes.

Sharper angle brush perfect for applying thinner eyeliner on both top lashes and bottom. Also good for filling in eye brows.

#### ALL THREE OF THESE BRUSHES ARE PERFECT FOR APPLYING EYE SHADOW

Short bristles give you more control but only cover a small area – good for inner eye.

Longer/narrower bristles give you a bit less control but only cover a larger area. Good for upper lid and crease.

Longer/wider bristles give you a bit less control but only cover a larger area. Good for above the crease/under the brow bone area.
